00:01

And now admonition Deuteronomy chapter eight and verse four we read your garments did not wear out. What's he talking about? He's talking about it on the 40 years of wilderness wandering. He said, during all this time when God was testing you to see whether or not you would be faithful to him, your garments did not wear out on you, nor did your foot swell. These 40 years, you should know in your heart that as a man chastises his son, so the Lord chastises you. The Hebrew writer will point out that the chastising from God, like the chastising of a father, the the discipline of a father isn't fun to endure. It's not enjoyable at the time, but it produces fruit. It produces faithfulness. It produces patience. James chapter one we need to be those who endure hardships and remain faithful.
