

Speaker 1:

00:01

And now admonition Deuteronomy chapter eight and in verse 10 we read this. When you have eaten and are full, then you shall bless the Lord your God for the good land which he has given you. Moses tells Israel when you come into the land, and when God blesses you and when you're multiplied, and when you grow fat, and when you become full, then remember the blessed the Lord. Then remember to remain faithful to him. Remember to be thankful to him for he gave you all that you have. And for you and I today, it's so true. God has given us all that we have. He has made us all that we are. Do we bless his name? Are we thankful to him for what he has given to us?
