

Your Daily Admonition

Ephesians 5:11 - And have no fellowship with the unfruitful works of darkness, but rather expose them.

Transcript:

Have you ever heard the phrase when you were growing up: Don't tell Mom?

I know myself and my brothers, we sometimes said that. We didn't want one of the other brothers to rat us out.

But, Paul says that we ought to live differently than that. Paul says, in Ephesians chapter five, verse 11, And have no fellowship with the unfruitful works of darkness, but rather expose them.

When someone's doing something that's truly wrong, shine light on it, speak the truth and expose error.

I hope the light of God is in you, today. For more from the Collierville Church of Christ, visit www.colliervillecoc.org.
